

1 Grass Burning Torch Piezo - GBT1

Fast & easy way to kill weeds in paths, drives & around borders without the need to use chemicals.

- ◆ For use with disposable gas canisters
- ◆ Automatic push button igniter

Part No. 3404130

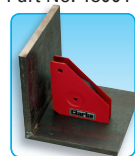

1 GBT1

3 2 Piece Magnetic Welding Clamp Set - CHT117

Powerful magnet holds work at correct angle when welding at 45° or 90°. 2 clamps per set.

Part No. 1800117

3 CHT117

4 Adjustable Magnetic Welding Clamp - ET129

As CHT117 but holds work for welding at any angle. 1 clamp per pack.

Part No. 1700245

4 ET129

5 Magnetic Square With On/Off Switch - CHT573

- ◆ Sturdy steel frame with 4 braked castors for good portability & stability
- ◆ Achieve a 90° or 45° angle.
- ◆ Suitable for angle, round or square stock.

Part No. 1801573

5 CHT573

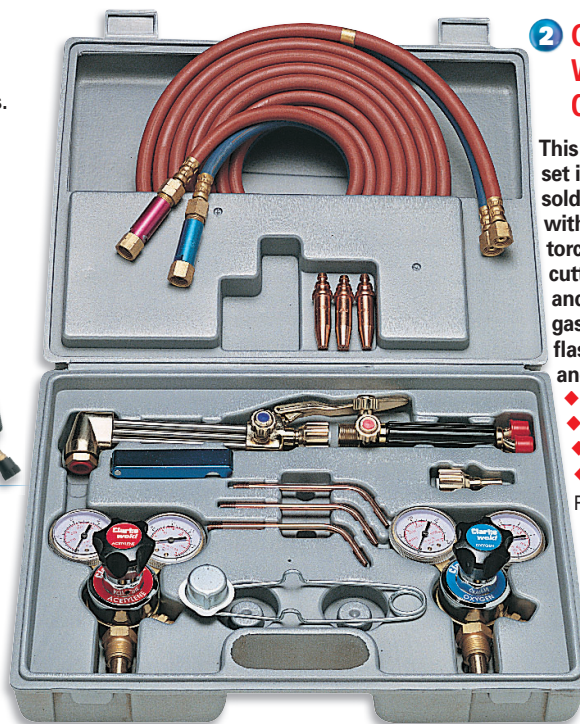

Includes On/Off Switch

2 Oxy/Acetylene Gas Welding/ Cutting Kit - CGW1

This top quality professional set is ideal for welding, cutting, soldering and brazing. Complete with welding and cutting torches, 3 welding nozzles, 3 cutting nozzles, mixer, oxygen and acetylene regulators, 2 gas hoses with fittings and flashback arrestors, tip cleaners and sparklighter.

- ◆ Cutting up to 3" (75mm).
- ◆ Welding up to 5/16" (8mm).
- ◆ 3/8" BSP connectors.
- ◆ Weight 7kg.

Part No. 6000670

2 CGW1

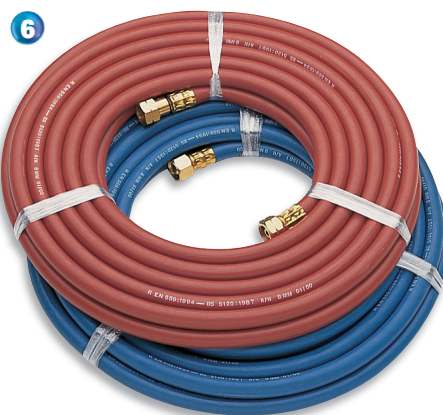

6 Oxygen/Acetylene Hose

5m and 10m Oxygen/Acetylene Hose with fittings (size 3/8").

Safety standard BS5120; 19787/EN559: 1994.

5m - WHS5M. Part No. 3125500

10m - WHS10M. Part No. 3125510

6

CO2

Argon

7 Gas Regulators

Top quality regulators for use with any of our MIG Welders*.

*Large gas bottle adaptor GH1, Part No. 6001000, will be required if using these regulators with MIGs up to 150amp.

**Also for Argon/CO2 mix.

Model	Description	Type	Part No.
IR1A	Single Gauge	Argon**	8134060
IR2A	Twin Gauge	Argon**	8134070
IR1C	Single Gauge	CO2 only	8134090
IR2C	Twin Gauge	CO2 only	8134100
Adaptor - Argon bottle to CO2 regulator			8134130

New

Earth Clamps

- ◆ Suitable for welding machines with capacities up to 600 Amps
- ◆ Strong spring jaws
