

1 30 Piece Titanium Coated HSS Drill Sets

- ▶ Titanium coated HSS bits last upto 6 times longer than standard bits.
- ▶ Bits can be resharpended.
- ▶ Includes steel index box.

Lasts Up To 6 Times Longer

Titanium Coated

1 CHT342/348

30 Piece Imperial Set - CHT342

- ▶ Bit sizes: 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 11/64", 3/16", 13/64", 7/32", 15/64", 1/4", 17/64", 9/32", 19/64", 5/16", 21/64", 11/32", 23/64", 3/8", 25/64", 13/32", 27/64", 7/16", 29/64", 15/32", 31/64", 1/2".

Part No. 1801342.

30 Piece Metric Set - CHT348

- ▶ Bit sizes: 1.0, 1.5, 2.0, 2.5, 3.0, 3.2, 3.3, 3.5, 3.8, 4.0, 4.5, 4.8, 5.0, 5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0, 9.5, 10.0, 10.5, 11.0, 11.5, 12.0, 12.5, 13.0mm.

Part No. 1801348.

4 19 Piece Metric Cobalt Steel Drill Set - CHT383

Cobalt steel offers greater resistance to heat and abrasion

- ▶ Suitable for drilling carbon steel, super alloys, titanium and stainless steel.
- ▶ Sizes: 1.0, 1.5, 2.0, 2.5, 3.0, 3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0, 9.5, 10.0mm.

Part No. 1801383.

Cobalt Steel

4 CHT383

5 25 Piece Metric Cobalt Steel Drill Set - CHT384

Cobalt steel offers greater resistance to heat and abrasion

- ▶ Suitable for drilling carbon steel, super alloys, titanium and stainless steel.
- ▶ Sizes: 1.0, 1.5, 2.0, 2.5, 3.0, 3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0, 9.5, 10.0, 10.5, 11.0, 11.5, 12.0, 12.5, 13.0mm.

Part No. 1801384.

Cobalt Steel

5 CHT384

2 Double Headed Metal Nibbler - DHC2

Convenient and ideal alternative to the traditional electric or air powered nibbler. Fits to any electric or power drill. Cuts sheet metal into the most intricate shapes and profiles. Two cutting heads with the handle (supplied) screwing over the head which is not in use for a safer grip.

- ▶ Maximum cutting capacities: steel plate 1.8mm, stainless steel 1.2mm, copper/aluminium plate 2mm, plastic/fibreboard 2mm
- ▶ Speed: 1500 – 3000rpm
- ▶ Minimum cutting radius: 12mm
- ▶ Supplied with tool rest, cutter holder, wrench and plastic handle all within a metal storage box

Part No. 6500233

2 DHC2

New

3 Diamond Core Drills

High performance diamond core drills, ideal for dry cutting clean and accurate holes in building material. Vibrationless, they can be used on brick, concrete blocks, Stone, etc. Not suitable for use with Percussion Drills.

Model	Dia mm	Length mm	Part No.
SCD28	28	300	6491005
SCD38	38	150	6491010
SCD52	52	150	6491015
SCD78	78	150	6491020
SCD107	107	150	6491025
SCD117	117	150	6491030
SCD127	127	150	6491035

All core drills with a diameter of 38mm and above require a hex shank arbor and pilot drill.

Diamond Core Drill Accessories

Description	Chuck size	Part no.
Hex shank arbor	1/2"	6491110
250mm long reach arbor	1/2"	6491115
10mm pilot drill	1/2"	6491120

6 6 Piece Diamond Core Drill Bit Set - CHT599

For cutting brick, stone & aerated concrete block.

- ▶ Set includes 28, 52, 107mm diamond core drills, SDS plug, hex adaptor & 10mm centre drill
- ▶ Supplied in a carry case

Part No. 1801599

6 CHT599

7 6 Piece Metric Auger Bit Sets - CHT361

High carbon steel auger set, suitable for hand or power drilling in all wood types.

- ▶ Bit sizes: 6, 8, 10, 12, 16, 20mm.
- ▶ Machined and hardened to ensure concentricity, with ground & honed spiral cutting edge.
- ▶ Screw point for easy centering and hex shank to prevent rotation in chuck.
- ▶ Supplied in tough moulded carry case.

Part no. 1801361.
