

1/2" Torque Setting Angular Gauge, int. Square Head

- scale: 0-360 °
- stop screw
- incl. L-type wrench

Item #
3084

1/2" Torque Setting Angular Gauge, Magnetic Arm

125 1/2

- precise workshop finish
- enables to accurately set the degrees of turn required in one step
- max. capacitance approx. 280 NM

Item #
3170

1/2" Torque Setting Angular Gauge, int. Square Head, Clip Arm

125 1/2

- precise workshop finish
- enables to accurately set the degrees of turn required in one step
- max. capacitance approx. 280 NM

Item #
3169

3/4" Torque Setting Angular Gauge, Magnetic Arm

20 3/4

- helps to accurately set the degree of turn required in one step
- 2 degrees scale division
- flexible magnetic holder

Item #
8439

5-piece Torsion Bar Set

- 100 - 110 - 120 - 135 - 150 NM
- length 195 mm

Item #	Description
185	5-piece Torsion Bar Set
187	Torsion Bar, 110 NM
