

**Forehead thermometer | contactless, infrared | for
People + Object Measurement | 0 - 100°**

Brand: BGS

Article number: 6007

EAN: 4026947060071

**Description**

- infrared technology, non-contact measurement
- measures the human body or an object temperature
- suitable for baby, children and adults
- signal tones and lighting can be switched on and off as required so that sleeping babies and children are not woken up by the measurement
- measuring time under 1 second
- stores 32 measurements
- backlit LCD digital display
- display options in °C and °F
- acoustic notification possible with high body temperature
- measuring range:
 - body temperature mode: 32.0 - 43.0 °C
 - surface temperature: 0.0 - 100.0 °C
- accuracy (body):
 - 32.0 - 34.9 °C +/- 0.3 °C
 - 35.0 - 42.0 °C +/- 0.2 °C
 - 42.1 - 43.0 °C +/- 0.3 °C
- accuracy (surfaces):
 - 0.0 - 100.0 °C +/- 1.0 °C
- measuring distance: 5 to 8 cm
- automatic shutdown after approx. 15 seconds
- resolution: 0.10 °C
- power supply: 9 V block-batteries (included)
- storage humidity: ≈<90%
- relative humidity in operation: 20% ~ 85% mW
- storage temperature: 0 - 55 °C
- ambient temperature: 10 - 40 °C

Technical data

Gross weight 228 g
