

**Torque Wrench | 12.5 mm (1/2") | 60 - 330 Nm**

Brand: BGS

Article number: 2829

EAN: 4026947028293

**Description**

- suitable for tightening to set torque for screwed connections with right-hand thread
- reversible ratchet with narrow head shape
- ratchet mechanism, reversible
- fine tooth, 72 teeth
- easy locking and unlocking at the handle
- lasered line scale with fine adjustment for the respective setting value
- optimally designed serrated steel handle for easy setting of the desired torque value, as well as a secure grip of the tool handle
- clearly audible release signal
- comes in a round, screwable plastic box
- fine scale: 1.5 Nm
- trigger clockwise: yes
- trigger counter clockwise: no

**Technical data**

|                              |                 |
|------------------------------|-----------------|
| Drive profile size, metric   | 12,5 mm         |
| Drive profile size, inch     | 1/2 "           |
| Output profile               | External square |
| Length                       | 585 mm          |
| Width                        | 38 mm           |
| Gross weight                 | 1492 g          |
| Max. torque                  | 60 Nm           |
| Min. torque                  | 330 Nm          |
| No. of teeth in ratchet head | 72              |
| Release accuracy             | +/- 3 %         |
